Christianity: The Reasonable Course

You are about to venture on an exciting practical experience with advanced training tools. “Christianity: The Reasonable Course” is a carefully planned, easy-to-follow, well reasoned seminar that is structured to maximize your understanding and retention of the art of sharing your faith. With little effort you will be able to engage others in conversations and recall important arguments to prove your point. In five two hour sessions you will learn how to . . .

- Control challengers and attacks
- Argue the existence of God
- Show why the Bible is God’s Word

- Prove Jesus is the unique way
- Defend the Godhood of Christ

Learn how to manage conversations into purposeful exchanges rather than futile arguments. Discover valid reasons for your belief in the creator of the universe and be able to communicate them to others. Gain the utter conviction that the Bible is truly God’s Word to mankind. You will become skilled at making the case that Jesus is God’s son and the only way to the Father.

INTERACTIVE LEARNING

We will cause you not only to understand the material but how to retain it for future use in your life or the life of others. We will train you with enjoyable memorization techniques to recall what you have learned in a way that is easy to share when you are witnessing.

This class can be taken on five consecutive weekends or broken down into 10 one hour sessions. Each hour session will establish an understanding of the Doctrine or practice, practical steps on how to use the information and a fun memorization technique to recall it for use later. You have not had a course like this one before.

Each seminar includes your own notebook with notes for each class. You will have easy to follow explanations with graphs and charts that correspond to a multimedia presentation during each session. Everything is designed to maximize the education experience for you.

This is invaluable training that you will use time and time again. And even more important is that you will be able to teach this to your children or anyone you desire to train. We feel truly privileged to bring this No Other Doctrine seminar to you.
